PRODUCTS AND SERVICES

PHC Groups offers customers a complete one-stop solution for all Conveyor, Rubber and Ceramic Lining Services, Fabrication, Machining and Preventative & Breakdown Maintenance Services.

Our customers are guaranteed first-rate quality and service at competitive prices.

WE'RE EXPERTS IN:

Conveyors

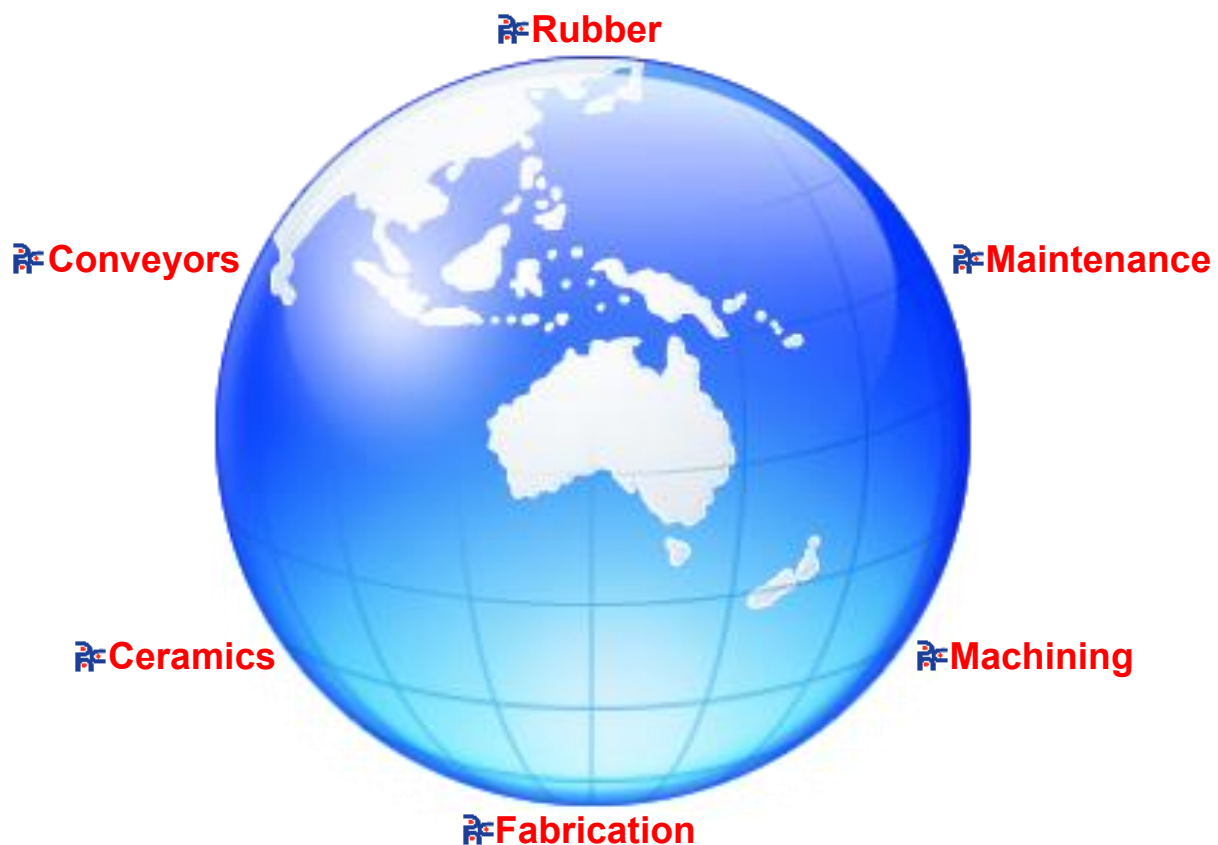

- A leading provider of conveyor services and products

Rubber & Ceramic Linings

- Cold bonding of rubber linings using fully cured premium rubbers .
- Hot vulcanising of rubber lining materials using uncured, premium rubber stock. This process uses autoclaves with steam and pressure, which cures the rubber to the substrates.
- Ceramic tiling using premium products for extreme wear protection.

Mechanical Services

- Fabrication - Medium & Light. Structural Steel & Stainless. CHPP fabrication. Facilities for all stages of manufacturing.
- Machining - Delivering a wide range of cutting edge precision machining services
- Preventative & Breakdown Maintenance - Providing programmed & emergency call-outs

ABOUT US

PHC Group provides a range of products and services throughout Australia and beyond. Customers include Mining, Industrial, Utilities, and General Manufacturing Industries.

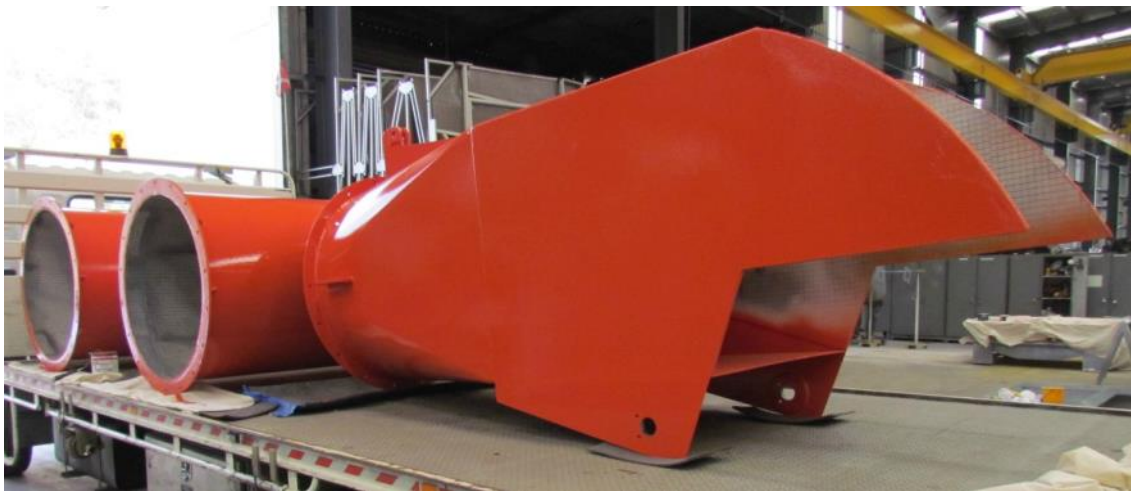

We are well resourced with a large team of specialists and trades people supported by extensive mechanical workshop facilities and our teams are ready to go to your sites as well.

Our experience spans over 28 years of partnering with mining, quarrying, chemical, petroleum, pharmaceutical, food, glass, and many more processing and manufacturing industries.

If asset protection and efficient conveying of materials is vital to your business, then PHC Group has a solution for you.

The PHC Group is located in Newcastle with a 120 plus strong workforce. We are available AnyTime, AnyWhere to deliver services throughout key metropolitan and regional areas of Australia.

We have a strong track record of undertaking work in regional and remote locations
